After save page for "Stock IO schedule listing"

Stock transfer listing error when we use without using barcode

The screenshot shows the '0301. Transaction Listing' page in the activebizs.com web application. The user is logged in as 'Miss Zar Zar Lwin' with a blue color theme. The page displays a search form with the following fields: Transaction ID (tt), Transaction Type (Stock Transfer), Transaction Status (dropdown menu), Start Date, and End Date. A 'Search' button is present. Below the search form, a table lists the transaction details:

	Transaction ID	Transaction Type	Date	Stock Amount	Transaction Status	Barcode Status
Finished	TT20000916	Stock Transfer	28/10/2020	6 Piece (s)	Confirmed	-

At the bottom of the page, there is a pagination control showing '1'.

To finish for "Transaction Listing"

The screenshot shows the same '0301. Transaction Listing' page, but with a 'Result Not Found.' message displayed in red text above the search form. The search form fields and the 'Search' button are still visible. The table below the search form is empty.
